Stephanie presented a Faith Festival. The 150th Committee asked "us" to do something for the youth on St Joseph Day on March 19th. The confirmation students will run the festival and it is open to all students parish wide. Event changed to Sunday March 22 to accommodate families with small children. Faith Festival will be at the education building from 11:30-1.

The middle school age students have Sonar coming to church on that Friday.

Advent Bible study went well. 26-28 signed up and about 20 came to each session. Many responded that they enjoyed this and would like the church to offer more.

Board discussed a women's bible study group to start around Lent. Erin is still looking for a resource to use. We will likely have a Sunday morning group and maybe Wednesday morning group as well.

Possibly a St Paul intergenerational study (year of Paul)
